

Project Information

Object type: Hotel
Room: Spa area

Location: Gransee/OT Meseberg
Architect: Putzmann Cierpka Binder Architekten + Partner
Berlin
Processor: Fliesen Pausch Panketal

Project description

Guest house of the Meseberg federal government
New building
www.schlosswirt-meseberg.de
Since the renovation of the Schloss Meseberg [*Meseberg Castle*] and its handover to the federal government as a guest house, the adjoining buildings have been used as a restaurant and hotel. In the small spa area, there is a heated bench with a fountain and relaxation area as well as a sanarium

Products / Systems used

Bullet - Sanoosa bench according to customer specifications including electric thin bed heating

Requirements

Manufactured to dimensions
Electric heating already integrated
No trowel work or drying times
Optimal subsurface for the subsequent tile work
Ideal insulation - no heat loss
